Financial Assistance for Senior Living & Senior Care

It's estimated that more than two-thirds of adults aged 65 and older will require some form of long-term care to help them live healthily. When thinking about the future, many seniors worry about how they'll financially afford the services they need.

Fortunately, Arkansas seniors can access programs, such as the Medicaid Long-Term Services and Support and the ARChoices in Homecare Waiver, to help them cover the costs of long-term care services. Whether those services are provided by an assisted living facility, a nursing home or by caregivers in your own home, these programs can help pay for some or all of the costs so you receive the best care possible.

Medicaid

Arkansas Medicaid helps low-income residents pay for necessary medical services, including certain home health and personal care services. Medicaid also covers an entire stay in a nursing home for those who require that level of care under the Long-Term Services and Supports program.

How to Apply

Applications for Arkansas Medicaid can be made online at the Access Arkansas portal. How to Apply

To apply for Medicare online, visit the Social Security Administration website and fill out the form. You can also apply by telephone or in person. Call (800) 772-1213 to speak with a representative or use the online locator to find a Social Security office near you.

Eligibility

To receive Medicare benefits, you must be at least 65 years old or have a qualifying disability or end-stage renal disease. Everyone pays a premium for Part B, but you may qualify for premium-free Part A coverage if you or your spouse worked and paid Medicare taxes for at least 10 years.

Medicare Advantage

Original Medicare is managed by the federal government, but Medicare Advantage Plans are sold by private insurance companies. Each plan must offer at least the same amount of coverage as Original Medicare, but many insurers offer extra benefits to make their plans more attractive to consumers.

How to Apply

Use the Find a Medicare Plan tool on Medicare.gov to compare Medicare Advantage Plans in your state. When you're ready to enroll, call (800) 633-4227 or contact the plan provider directly.

Eligibility

If you're eligible for Original Medicare, you are likely eligible for Medicare Advantage; however, confirm eligibility requirements with the plan provider.

Medicare Part D

Original Medicare doesn't cover most prescription drugs, so you may want to enroll in Medicare Part D, a supplemental plan that pays for a wide range of medications. Each plan has a formulary that explains how much coverage is provided for each type of drug. Most Medicare Advantage Plans include prescription drug coverage, and you can't enroll in Medicare Part D if you have a Medicare Advantage Plan that pays for prescription medications.

How to Apply

Use the Find a Medicare Plan tool on Medicare.gov to find a plan that meets your needs. When you're ready to enroll, contact the plan directly for instructions on applying for coverage.

Eligibility

To qualify for Medicare Part D, you must be enrolled in Medicare Part A and Medicare Part B (Original Medicare) or one of the few Medicare Advantage Plans that doesn't cover prescription drugs.
